Worry-worts

We humans tend to worry a lot. We worry about our looks, we worry about our money, we worry about our stuff. If every worry we had produced a wart on our body, how many would we have? Would we even be brave enough to go outside? If God is on the throne, then you don't have to worry.

Read Matthew 6:24-34.

List some of the things you've worried about in the past.

How has God provided for you in those areas?

List some of the things you worry about now.

List how God provides for you in those areas.

Pray and ask God to provide for your needs. When he takes away whatever worries you now, then you can fill in the last set of lines. It's always good to keep a prayer journal. Write your prayers on one side, and wrote how God answers them on the other. This is a good way to see that God does answer your prayers and an encouragement at hard times.
